PROBLEM STATEMENT

In today's digital world, students often struggle to present their academic achievements, skills, and certifications in an organized and professional way. Traditional paper-based resumes and certificates are not interactive and can easily be misplaced. Moreover, they do not effectively highlight a student's overall profile, including projects and personal goals. Therefore, there is a need for a digital academic portfolio where students can showcase their education, skills, certifications, and projects in one place. This portfolio should be easily accessible, visually appealing, and interactive so that it can be shared with teachers, recruiters, and peers as proof of academic and personal development.

PROJECT OVERVIEW

The current Academic Portfolio is a web-based application developed using HTML, CSS, and JavaScript. It serves as a digital resume for students, allowing them to present their academic achievements, skills, certifications, and projects in an interactive and professional manner. The portfolio is divided into multiple sections such as: About Me - A brief introduction of the student. Education Academic qualifications. Skills-Technical and professional skills. Certificates-Achievements and certifications. Projects-Mini/major projects completed. Contact - A form to reach the student. This project provides an organized, accessible, and visually appealing platform for students to showcase their profile, making it useful for internships, job opportunities, and academic purpose.

WHO ARE THE END USERS?

1. Students

To showcase their academic achievements, skills, certificates, and projects

To use as a digital resume for internships and job applications

2. Parents Academic Database

To collaborate, share achievements, and maintain digital academic records

3. Teachers/Mentors

To evaluate a student's academic progress, skills, and project work

To guide students in improving their professional profile

4. Recruiters/Employers

To easily view the student's qualifications, skills, and certifications

To identify suitable internships or job opportunities.

TOOLS AND TECHNOLOGIES

VisualStudioCode (VSCode)-For coding and editing the project. Web Browser (Google Chrome/Edge/Firefox) For testing and running the portfolio.

GitHub/localhost-For hosting and deployment. MS PowerPoint/Canva-For preparing project documentation and presentations.

Technologies HTML5-For structuring the web pages. CSS3 -For styling, layouts, and responsive design. JavaScript-For adding interactivity and form validation.

PORFOLIO DESIGN AND LAYOUT

1. Header & Navigation Bar

Positioned at the top of the page. Contains the portfolio title (Sludert Name) and navigation links. Links allow smooth scrolling to different About, Education, Skills, Certificates, Projects, and Contact Background color. Green (#4CAF50) for professional appearance.

2. About Section:

Provides short introduction of the sluderit, includes name, course (bec computer science) and ambition to become a teacher.

3. Education section

Displays academic qualifications in a list format. Covers current and past education (BSC COMPUTERSCIENCE, 12",10) Organized clearly for easy understanding.

4. Skills Section:

Skills are displayed a grid-based card layout. Each card contains one skill(HTML, CSS, JavaScript, Python AIUI/UX,DCA) Hovereffect is applied for interactivity.

5. Certificates Section:

Highlights completed certifications in a card format. Each card has a certificate name and a short description. Examples: AI, UI & UX Design, DCA

6. Projects Section:

Lists mini/major projects completed. Each project is shown in a card style with project name and short description. Example: Portfolio Website, Library Management System

7.contact section

Includes a contact form with Name, Email, and Message fields. Uses JavaScript validation to check input before submission. Provides an easy way to recruiters/teachers to reach the student.

8.Footer

Placed at the bottom of the page. Contains copyright info (@2025Dhakshayani T Student Portfolio). Styled with a dark background for contrast.

Design Principles Followed:

Look-Simple fonts and clean color scheme.

Interactive Elements – Hover effects, smooth navigation, form validation. Organized Layout-Sections divided clearly for easy navigation.

FEATURES AND FUNCTIONALITY

FEATURES:

1. Single Page Portfolio All student details are displayed on a single page with smooth navigation.
2. Responsive Design Works well on desktop, tablet, and mobile devices,
3. Clean UI & Layout Simple, card-based design for skills, certificates, and projects.
4. Custom Styling-Consistent color theme (green & white) for a professional look
5. Contact Forms-Allows visitors to send messages to the student
6. Skills Section-Lists technical/professional skills in card format
7. Organized Sections-About, Education, Skills, Certificates, Projects, and Contact are clearly separated

FUNCTIONALITY

FUNCTIONALITY:

1. Navigation Bar-Links to different sections on the page.
2. Contact Section-Input fields: Name, Email, Message JavaScript validation checks for empty fields before submission.
3. About Section-Displays student introduction and ambition.
4. Skills Section-Lists technical/professional skills in card format.
5. Projects Section-Displays mini/major projects with descriptions
6. Certificates Section-Highlights student certifications with details.
7. Education Section-Shows academic qualifications.

Certificate

This is to certify that

LEENA M

has successfully completed
Digital 101 Journey

Certificate ID: FSP/2025/3/6964899

06/03/2025

Dr. Abhilasha Gaur

In recognition of the commitment to achieve
professional excellence

Leena Magesh kumar

Has successfully satisfied the requirements for:

Web Development Fundamentals

Issued on: Aug 02, 2025

Issued by: IBM SkillsBuild

Verify: <https://www.credly.com/badges/d297cf9-4bd3-4763-9bb3-a3d183e6f5ef>

YOUR DREAM OUR PASSION

CERTIFICATE OF COMPLETION

Student ID:CA/FE3/6411

This Certificate Is Proudly Presented To

M. Leena

Was an active Participant at CodeAlpha Virtual Internship Program in Python Programming Internship with dedication and hard work. We really appreciate your efforts taken and wish you all the best for the further.

1st February 2025 to 28th February 2025

Completion Certificate

This certificate is presented to
Leena Magesh kumar

for the completion of

Edunet- Front End Web Development

(PLAN-741582ED6C44)

According to the Your Learning Builder - Plans system of record

GMT)

Certificate of Participation

LEENA

has completed

Generative AI Literacy

Aligned to Competency Standards developed by IT-ITeS Sector Skills Council
Nasscom in collaboration with Industry and Government.

07/09/2025

CONCLUSION

The Current academic portfolio Project successfully demonstrates how students can digitally showcase their academic qualifications, skills, certifications, and projects structured and professional way. Unlike traditional paper-based resumes, this portfolio is interactive, responsive, and easily accessible online, making it more effective for academic purposes, internships, and job opportunities. By using HTML, CSS, and JavaScript, the project provides a simple yet modern platform where students can highlight their strengths and achievements. This enhances their chances of being recognized by teachers, recruiters, and peers. In conclusion, the project proves the digital portfolios are an essential tool for today's students, enabling them to present themselves in a professional manner and stand out in the competitive world.
